

SAF TODAY

Vol. 4 • No. 1 • Fall 2003

FOR ALUMNI OF THE ETA-EPSILON CHAPTER OF SIGMA PI FRATERNITY, INTERNATIONAL

An open letter from the president

Greetings Brothers!

What a great time of year. Seminole football is in full swing, looking better than we have in a few years. The summer heat is melting away. The holidays are right around the corner. And last but not least, Sigma Pi — your fraternity — is beginning the journey to re-emerge on campus and create a long and lasting foundation for the future. Before I get into the meat and potatoes of what NEEDS TO HAPPEN for our organization, I would like to take a minute to recognize a few people that have gone out of their way to help keep the SAF moving in the right direction.

First and foremost, we all owe Jeffery Seay a great big round of applause. He has served on our EC for the past four years. In that time, he developed an award-winning newsletter, named by National as BEST NEWSLETTER IN THE NATION. Quite an honor and a true reflection of his hard work and love for our chapter. Many of these newsletters Jeff produced with his own funds when our bank account couldn't support the project. Jeff, we thank you for your support and selfless dedication to Sigma Pi. We wish you all the best with your new promotion at FSU as editor in chief of the "Florida State Times" and hope that your successor on the EC can take a few pages from your handbook and continue your winning trend!

Second, I would like to thank all the brothers who made multiple donations over the past two years. With your continued support, our organization is safely in the black for the first time.

Finally, I would like to thank Brad Freeman and G.W. Finch for their support and effort over the past two years. They are both great friends and always work

with the best interest of Sigma Pi in mind.

Now let's get down to business. WELCOME TO THE CROSSROAD! To be blunt — our organization is at a serious crossroad. These next few months are going to dictate the entire future of Sigma Pi at Florida State. You're probably asking, "what does he mean by that?" The time has come for us to put some serious effort into fundraising and supporting our return to campus with both physical and emotional support. Our failure in the past to raise adequate funds, provide a regulated structure for the active chapter and be consistent in our activities and communication with each other caught up with us. But, in the long run, I believe our suspension will have a positive impact on our future. We get a fresh start on campus, a fresh start with National and a fresh start with the university and housing. All of the demons we used to fight are behind us. With a clean start and the proper structure, we can ensure that Sigma Pi will be active and healthy at FSU for years to come. Quietly this fall, that process has already begun. National has pledged its support. We have a few young men at FSU ready to bear the torch of recruiting our new class of brothers and we are in talks with the university to make sure that we follow all the proper procedures to return. This may be an aggressive estimate, but we could have the nucleus of the spring colony ready to go before the FSU-Miami game in October! Good things are in the works!

If our alumni club is ever going to be able to offer real value to our alumni and the active chapter, we must graduate to a new level of fundraising. I'm happy that we've received some consistent donations over the past two years. I'm happy that our bank account is in the black with about \$3,800. But that amount does not

give us stability. After paying our debt to IFC to return and publishing this fall 2003 newsletter, the balance will be more than cut in half. If we have to operate that close to the line year after year, we will never be able to offer true stability and value. It's time to STEP IT UP! We need all our brothers to make a commitment to larger donations over the next few years. I am personally willing to give \$500 per year for the next five years and will have my check with me to give at the FSU-Miami game Oct. 11. Whether it's \$250, \$500, \$750, \$1,000 or more, it is the kind of consistent fundraising that the SAF needs to solidify the future.

GENTLEMEN — WELCOME TO THE CROSSROAD! IT HAS TO HAPPEN NOW! WE CANNOT AFFORD TO GO THROUGH THE EFFORT OF ORGANIZING ANOTHER GROUP OF ACTIVE BROTHERS AND NOT GIVE THEM THE SUPPORT STRUCTURE THEY NEED.

Please take this to heart. We have a great opportunity to come back and come back strong. To build a lasting foundation that we will all be able to enjoy. We all have a connection, a memory, a friendship that Sigma Pi helped to create. Let's preserve that for both us and future generations of brothers. I look forward to seeing you all this fall at the football games and to discuss our future.

If anyone would like to reach me personally, please don't hesitate to call.

Fraternally,

Brian Hoffson
SAF President
404-325-4423

ALUMNI NEWS AND VIEWS

Douglas Boeringer (Founding Father; Dellrose, Tenn.; sheriff@vallnet.com) is working in the C.I.D. unit at a detective/sergeant with the Lincoln County Sheriff's Department.

Kenneth "Clay" Gallo-way (Omega; Houston, Texas; noles22m@aol.com) has been chosen to serve as chapter/colony director of the Sigma Pi colony at the University of Houston.

Tim Lockhart (Theta; Sanford, Fla.; tim4fsu@bellsouth.net) works for Business Machines, Inc. selling point of sale (POS) touch

screen ordering systems for servers to use in restaurants (www.BMI-POS.com); moved from Apopka to Sanford more than a year ago.

Chad Turner (Theta; Jupiter, Fla.; chadrico6119@aol.com) is engaged to Vanessa Rouso, a 20-year-old student at Duke University. Turner soon will move to Durham, N.C., to be near Rouso.

They plan to stay there approximately four years until she graduates from Duke's law school, and then return to South Florida.

The Lockhart family: Tim and Amy, with 6-year-old Karis and 2-year-old Jake.

Let's tailgate! But, dad gummit, behave and don't be late!

As many Seminole fans do, Eta-Epsilons love tailgating before home football games. Once again this year, brother Derek Whitis has issued a blanket invitation to any brother to join his tailgate party near the corner of Champions Way and Pensacola Street.

The Seminole Alumni Foundation Inc. will hold its **annual meeting** prior to the **Oct. 11 FSU-Miami game at Whitis' tailgate party**. The meeting is scheduled for **10 a.m.**

Recolonization will be discussed at

the Oct. 11 pregame meeting.

"It's football season and, of course, we want to see everyone in Tallahassee enjoying what we hope will be a big year for the noles," said Brian Hoffson, president of SAF. "Derek Whitis will graciously allow us meet at his tent again this year, but we have a few requirements that we must live up to. #1 — WE MUST SHOW UP! (Last year our turnout was very low. We need and want to see you all there.) #2 — WE MUST ACT LIKE ADULTS (Last year

we had several people who acted out a bit at the event. Derek spends quite a bit of time and money to put on a good show. He has clients there as well as friends outside of Sigma Pi. Please, let's be on our best behavior!"

The SAF executive council for 2003 to 2005 will be elected at the meeting.

"I just want to have as many people represented as possible," Hoffson said. "If anyone is interested in running for office, please let me know.

For the best directions to the tailgate party, contact Whitis at (850) 385-5911 or derekwhitis@bigfoot.com.

Eta Epsilon brothers hit the streets of Tampa for Gasparilla 2003 on the weekend of Feb. 1 (standing left to right): Jim Wallace, Brad Freeman, Bryan Geiger, Billy Cavanaugh, Jeff Sojack and an un-named friend of the group; (kneeling left to right): Alex Rodriguez and Robb Williams.

SAF TODAY

Vol. 4 • No. 1 • Fall 2003

SAF TODAY is published quarterly by the Seminole Alumni Foundation Inc., which is the alumni club of the Eta Epsilon Chapter of Sigma Pi Fraternity, International, at Florida State University.

Secretary

Jeffery Seay (Gamma)

Election procedures, from the SAF Bylaws

Running for an office in the Seminole Alumni Foundation Inc. should be a decision carefully weighed and not taken lightly. The SAF is a recognized corporation in the eyes of the state of Florida. It takes responsible people to run it. There are real duties that cannot be delegated or forgotten, and the job requires a real commitment of time and effort.

More importantly, the SAF is the association that officially binds together the nearly 500 brothers of the Eta Epsilon chapter of the Sigma Pi

Fraternity International. The brotherhood at large expects a certain level of leadership and activity from its officers. If such leadership is not offered, the brotherhood will not follow.

The past two administrations of presidents David Foy (1999 to 2001) and Brian Hoffson (2001 to 2003) have left the SAF in an extraordinarily strong and organized position. The next executive council has definite standard to achieve and, with everyone's wishes for success, surpass.

In addition to the regular duties

of the SAF executive council, the four brothers who are elected to serve from 2003 to 2005 will have the added responsibilities of helping to recolonize the chapter, and then guide and sustain it. These are tasks that should be taken deliberately and seriously.

In short, the elections of Oct. 11 carry more significance than usual. Of the many capable and talented brothers our fraternity counts among its own, we know that the four men who have the ability and drive to get the job done will step forward and run for office.

ARTICLE IV — Board of Directors

1. A board of directors shall manage SAF. Each director shall be at least 21 years old and shall be a member of SAF during his term in office. The initial board of directors shall consist of four persons. Thereafter, the number of directors constituting the entire board shall be no less than four.
2. The first board of directors shall consist of those persons elected by the Incorporators or named as the initial board of directors in the Certificate of Incorporation. Thereafter, at the annual meeting of members, the membership shall elect directors to hold office for a two-year period. The manner in which directors are elected to SAF are as follows:
 - A. All directors will be elected to serve two-year terms or until their successors are elected. Each director shall hold office until the expiration of the term for which he was elected, and until his successor has been duly elected and qualified, or until his resignation or removal as provided herein. Directors are elected by the members of SAF who are present at elections.
 - B. Elections are presided over by an election foreman. The foreman will be: 1) the director/president of SAF, unless he is unable to preside over the elections; otherwise 2) the director/vice president will serve as foreman, unless he is unable to preside over the elections; otherwise 3) the director/secretary will serve as foreman, unless he is unable to preside over the elections; otherwise 4) the director/treasurer will serve as foreman, unless he is unable to preside over the election. If no director will be present to preside over the elections, the board may appoint, by majority vote, a foreman from the membership of SAF to preside in the board's place. The election foreman conducts the nomination and election process and rules on all points of order.
 - C. Members at the election meeting may nominate candidates in writing or vocally. Nominations must be seconded in order for a candidate to be put on the ballot. Only members who are present the day of the elections may second a nomination. Absentee "seconding" is not permitted. Nominees must accept their nominations with a written letter of acceptance or by voicing their acceptance at the election meeting.
 - D. When the nomination process closes, the election process will begin. The election process will consist of the candidates' speeches and the casting of ballots. The position of director/treasurer will be elected first, followed by the positions of director/secretary, director/vice president and, finally, the director/president. Candidates will leave the election area and wait for their turn to be called back to address the members. The candidates for director/president each will have five minutes to give their speeches. The candidates for the other positions each will have three minutes to give their speeches.
 - E. After the candidates have made their speeches, they may have up to two members speak on their behalf. These members will have 1 minute and 30 seconds to speak.
 - F. All members at the elections may vote once for each office. Absentee ballots are not permitted. The election foreman will ensure that the ballots used are appropriate for the election. After ballots have been cast, the election foreman and director/secretary will count the ballots cast for each office. If the director/secretary doesn't attend the meeting, the election foreman may designate one member to assist him in the ballot process. The election foreman will announce the election results.
 - G. When three or more candidates run for an office, a 2/3 majority by one candidate is needed to win. If no candidate wins by the 2/3 majority vote, a run-off election will be held for the top two candidates. The top two candidates will leave the election area and wait for the run-off ballots to be cast. A simple majority vote (51%) is needed to win the run-off election.
